---

PROFESSIONAL EXPERIENCE

SeeBiz Full Stack Web Devloper Trainee Aug 2024 - Present
Built responsive, user-focused web apps, including a social media platform with real-time features.
Implemented scalable architecture and secure authentication with password reset and email verification.

PROJECTS

- **Event Management App (Currently working)**

Developing a full-stack platform for creating, managing, and booking events with ticket purchasing, rolebased access (Admin, Organizer, Attendee), and a dynamic dashboard. Focused on scalability, clean MVC architecture, and secure APIs.

Tech Stack: React.js, Node.js, Express.js, MongoDB, Bootstrap, JWT, REST APIs
